School Profile

(2022-2023)

Principal's Message

Through diligence and determination, Ho Fung College has been very prestigious in providing students holistic development which cultivate students' sheer passion and dedication for society. It is such a privilege to bear witness to how our students have gained confidence, knowledge, and developed kindness. We hope that our education has equipped them with a wide range of skills which can translate into a diversity of successful careers.

This year, again, we have achieved great milestones in reaping impressive results in the HKDSE with a remarkable 91.7% of our graduates meeting the basic entrance requirement for admission to publicly funded undergraduate programmes (33222). A special mention must be given to Shum Fai Yiu (6D), who achieved a top score of five 5**, one 5* and two 5.

92% of our students received main round offers in JUPAS. We are here to celebrate the many successes of which our students and the school have achieved.

These several years have been full of changes and uncertainties. Severe epidemic, class suspension, online lessons, tight schedules and extensive vaccination requirements always put us in a challenge greater and more complex than ever. The perseverance of our staff and students through the difficult times can be attested by the accomplishments we achieved along the way. I still remember that some students once said, 'I'm dying to go back to school!' For them, Ho Fung is a place where each student's uniqueness and individuality are recognised. Their school life is no less than a treasure which has undoubtedly given them invaluable joys in life. Memories in Ho Fung have been the part and parcel of their lives.

I would like to express my utmost appreciation to all staff members at Ho Fung College. Without their dedication, our education would not have been so successful. I also believe that many of our students would agree the well-known '3As' – Able to learn, Able to do and Able to engage, is our mission to nurture our students to become valued members of our society. I would also like to extend my heartfelt gratitude to parents of our students, for their unwavering support for their children and faith in our education philosophy.

English Learning Environment

Here at Ho Fung College, we have been exploring every opportunity to create a stimulating English environment to prepare students for the future.

English Week

A wide range of activities, including public speaking competitions and the duologue competition, are organized every year during the English Week to give students an opportunity to reflect on meaningful topics, such as the importance of counting our blessings and moving on despite the setbacks in life. Contestants have the chance to deliver their messages in an organised and convincing manner, while the audience members gain wisdom from their speeches.

English Debating in Ho Fung

Debating is integrated into our S1 and S4 English curricula, and therefore every student in Ho Fung gets a taste of debating, and embroiling themselves in the verbal war in the classroom, inter-class and inter-house debating competitions. Throughout the course of preparing for a debate, students learn how to build compelling arguments, construct strong rebuttals, and develop persuasion skills.

Champion at Hong Kong Secondary Schools Debating Competitions (Division I, S4)

School events, ranging from morning assemblies, swimming gala to opening and closing ceremonies, are prime examples of the seamless bilingual education we strive to provide for students.

Elite Athletes

A variety of sports activities manifest the diversity and vibrancy of the school life at Ho Fung, with a view to fostering greater harmony in our campus and increasing the sense of belonging of Hofungers.
